ALL INSURANCE PATIENTS, PLEASE READ

Dear Valued Patient:

We would like to share the following policies with you so that you understand your responsibility regarding charges for the services rendered to you by our office:

Dr. Benjamin Kleinbrodt is a participating provider with most commercial U.S. insurance plans. We will gladly bill your primary and secondary insurance carriers, as a courtesy, for services rendered.

However, please be aware that you will be responsible for the payment of:

- A. The annual deductible**
- B. Co-payments and/or co-insurance amounts for your plan**
- C. Charges for non-covered services such as:**
 - i. Graston, Laser Therapy, or Active Release Technique**
 - ii. Functional Evaluation**
 - iii. Nutritional supplements, exercise equipment and/or orthopedic supplies if necessary**

If your insurance company denies coverage for a charge you thought was covered by your plan, you will be billed for the charge after we obtain denial from your insurance company.

Most insurance plans have a “co-insurance” amount, which you will be billed for once we receive the Explanation of Benefits (EOB) from your insurance carrier for services rendered. Most insurance companies do not pay 100% of the contracted/allowed amounts, leaving a co-insurance balance to be paid by the patient. We recommend you contact the Member Services Department of your insurance company if you have questions about what is covered and amounts you will be responsible for.

In the event that your insurance carrier fails to pay for services rendered within the 90 days, you will be billed for any unpaid charges.

Patient due balances over 30 days will be assessed a 1.5% monthly (18% annual) service charge, unless other payment arrangements have previously been made with the office.

Your signature below signifies that you understand our financial policy and your responsibility regarding the charges incurred in this office. It also serves as an authorization for our office to charge the credit card you have placed on file for any outstanding balances.

For insurances that allow maximum dollar amount per visit, such as Guilds, MPIH, and SAG, your non-covered responsibility is different between the paid amount and the office minimum charge.
